PROJECTS

skinfotechies (React project)

🔗 <https://skinfotechies.netlify.app/>

skinfotechies is a Business profile website.

Personal portfolio (Next.js project)

🔗 <https://kaushikrajput.netlify.app/>

This is my personal portfolio website on Next.js.

- I developed this to showcase my work.
- Used SASS for easy and less CSS in a programming construct.

CAREER OBJECTIVE

Front-End Developer with proven ability to collaborate effectively with senior developers while extra time to be mentored. I would say that I'm self aware and know what will make me happy on a long term. Ready to apply my passion for coding to a talented engineering team to develop quality solutions.
